

Cover Page

Project Title

A clear, specific title.

Student Name(s) and ID(s)

Full names and student IDs.

On main page

Objective

- State the main goal of the project in one sentence.

Data

- Briefly describe:

For Machine Learning

- The dataset used (name, source)
- Size (training and Testing) and format (e.g., CSV, images, text)
- Any preprocessing performed (number of times you trained)

For other System

- **The data (attribute) used for the system**
- **How it used or process the data**

Methodology

Summarize the technical approach:

- Algorithms or models used
- Tools/libraries used
- Key steps in the workflow

Results

- discuss in 1-2 sentence your result or expected output
- present your understanding

Conclusion
